Notice to agencies/officer who may have received a letter regarding required retesting for the on-line speed detection operator certification class.

The locations for the testing sites and the dates that the tests will be given are on the back of each letter. Please contact GPSTC at 478-993-4000 if you have any questions regarding registering for the test. **POST cannot register you for the test.** The SDO course is on-line at GPSTC. You may review the course on-line prior to taking the exam. This training is free, and students are encouraged to review the course material prior to being administered the exam. You should also contact GPSTC if you have any issues registering for the course through their on-line portal.
